Commissioner for Patents

Dear Sir:

Enclosed for filing in the above-identified application is a PTO/SB/08 Equivalent listing 103 references to be considered by the Examiner. Also enclosed are 57 foreign patent references and/or non-patent literature as listed on the Information Disclosure Statement.

References EP 0 694 535, WO 09/856761, WO 00/26192, WO 00/29384, WO 00/68206, WO 00/32579, WO 00/64878, WO 01/12169, WO 01/14342, WO 02/72539 and WO 02/72574 are the PCT or European equivalents of the references cited by the Chilean Patent Office in the Chilean counterpart of a related application. These references are Chilean applications, and since they are not readily available, and not in English, their PCT, European or U.S. application/patent equivalents are submitted instead. For those PCT or European applications equivalents that are not in English, no U.S. patent or application equivalents are available. However, English abstracts are available in these applications. Applicants will have the non-English applications translated upon request. Reference CL 1693-2000 is also a Chilean application cited in the Chilean Search Report; however we have not been able to identify its counterpart application(s) based on the priority information provided by our foreign associate in Chile. The Chilean references and their corresponding PCT, European or U.S. applications/patents are provided herein.

Cite numbers 75-82 on the PTO SB/08 identify several co-pending applications filed by Applicants. Applicants direct the Examiner to these applications to consider whether the subject matter claimed, now or as may be amended in the future, as well as the associated prosecution history, now or in the future, may be relevant to the patentability of the present application (e.g., for reasons of obviousness-type double patenting). Applicants believe that the Examiner has access to the applications and associated file histories through the Patent Office (e.g., the IFW system). Accordingly, Applicants have not provided copies of these applications or their associated file histories, but would be happy to do so, now or in the future, should the Examiner so request.

This Information Disclosure Statement is being filed before the receipt of a first Office Action on the merits, and presumably no fee is required. If a first Office Action on the merits was mailed before the mailing date of this Statement, the Commissioner is authorized to charge the fee set forth in 37 C.F.R. § 1.17(p) to Deposit Account No. 11-1410.

Respectfully submitted,
